Build a Synth workstation

Space saving - accomodates an 88-key master keyboard and 50u of rack devices

Use 18mm thick MDF throughout
Finish with clear varnish.
Requires 10 x 10u 19" rackstrip.
Add 8 castors for mobility.
You may wish to support D1 from beneath with steel right angles.

Assemble using 50mm screws.

Pre-drill and countersink all screw holes to prevent splitting. Use a drill bit dimension a little narrower than your screw. Drill a test hole in an offcut.
